

## PAR 20C

Portable floor standing machine

<b>Ratio Range</b>	Available in fixed ratios from 1:1 to 12:1
<b>Viscosity acceptance</b>	Up to 1,500,000 mPa.s
<b>Shot size</b>	11ml up to 108 ml **
<b>Cycle rate</b>	Up to 15 / minute (material dependent)
<b>Reservoir capacity</b>	Directly from 20 Lt /25 Lt drums

## PAR 200C

Fixed floor standing machine

<b>Ratio Range</b>	Available in fixed ratios from 1:1 to 20:1
<b>Viscosity acceptance</b>	Up to 1,500,000 mPa.s
<b>Shot size</b>	11ml up to 194 ml **
<b>Cycle rate</b>	Up to 15 / minute (material dependent)
<b>Reservoir capacity</b>	Directly from 200 Lt & 20 Lt drums

## Rod displacement metering

- Designed for micro-shot dispensing (down to 0.04ml)
- Precise volumetric fixed ratio metering
- Single acting positive displacement
- Adjustable shot volume metering
- Pneumatic or electric drive units
- Disposable static mixing
- Low to medium viscosity acceptance
- Table top or robot mounted

## PAR 2P / PAR 2E

<b>Ratio Range</b>	Available in fixed ratios from 1:1 to 18:1
<b>Viscosity acceptance</b>	Up to 500,000 mPa.s
<b>Shot size</b>	0.04 ml up to 7.96 ml **
<b>Cycle rate</b>	Up to 15 / minute
<b>Reservoir capacity</b>	Various options from 0,5 Lt up to 20 Lt

## MIXING NOZZLES AND CARTRIDGES

The full range of disposable static and rotary static mixers are available from stock.
